

Backpack Buddies

Backpack Buddies is a kid-friendly nutrition program that serves nearly 600 children each week. Kids at-risk of hunger receive a weekly package of food to get them through the weekend until Monday's school breakfast. Each backpack contains cereal, peanut butter, canned vegetables and fruit, soup, macaroni and cheese, one-dish meals, and healthy snacks.

Volunteers are needed to help assemble backpacks. Tasks include assembling packages of food and organizing / loading packages. It's a fun and rewarding experience.
